About Stefanie Engineer

Stefanie is a Knowledge Lawyer for competition law in Germany. She is a member of our antitrust, competition and trade (ACT) practice group.

As a Knowledge Lawyer she is the contact person for all questions coming up with the know how of our ACT practice group. Her areas of practice include particularly the monitoring of legal developments in German competition law, the management of internal know how of the ACT practice group as well as the maintenance of core fee earner resources.

Furthermore, Stefanie is responsible for some areas in the practice business development of the German ACT group.
