Capital markets, Restructuring and capital solutions, Corporate and acquisition financing, Derivatives and structured finance

About Robin Helmke

Robin focuses on structured finance, capital markets and M&A transactions.

His work of late includes advising on structured products for corporates, financial institutions and insurance companies.

For example, he has recently advised on structured debt instruments for a corporate with, among other features, novel credit enhancements and the leveraged financing of distressed debt for an international investment bank.

Robin speaks German and English.
