

Philipp Reinecke

Associate

Antitrust, competition and trade, Disputes, litigation and arbitration, Regulatory, Sustainability

Primary practice

Antitrust, competition and trade, Disputes, litigation and arbitration, Regulatory, Sustainability

About Philipp Reinecke

Philipp is a member of our Energy and Natural Resources sector group. He advises clients across the energy sector on competition and energy law. The focus of his practice is on renewable energy such as hydrogen, on-/offshore wind, solar and biomass projects. He has particular expertise in European and national regulatory law, energy trading and litigation in these areas. In addition, he has substantial experience in project development, especially regarding offshore wind farm projects.

Prior to joining Freshfields, Philipp worked at a boutique law firm specialized in energy and infrastructure and as a civil litigation judge. Upon graduation he was a scholar of the Carlo-Schmid-Programme at the European Commission (DG Competition) and the European Court of Justice (Chambers of First Advocate General Wathelet).

Qualifications

- Humboldt University of Berlin (First State Exam)
- Higher Regional Court of Berlin (Second State Exam)
- Université Panthéon-Assass Paris II (Maîtrise en droit)
- King's College London (Master of Laws)
